

Will Storage

As a legal document it is important that you keep your Will safe and accessible for you and your executors.

Our storage facility can also be used for other important documents such as title deeds and Lasting Powers of Attorney documents included in our cost.

By using our service you will have peace of mind knowing all your important documents are stored safe and secure in a fire proof and tamperproof secure facility.

What does our storage facility offer?

- Peace of mind
- Your Wills are stored free from fire, flood, theft and free from being tampered with.
- You will have a copy of your Will for your own personal records.
- Annual contact (ensuring your Wills are kept up to date).
- Storage certificate and up to 4 "credit card" size plastic cards to give to your executors

You will have a Will reference number. For security reasons only you and your Executors will need to know this number and only you and the Executors of the Will can withdraw the Will document from storage.

Upon your death, Philip Anthony Associates ensure that your Will passes to your Executor and no one else. We are available to assist your Executor with the administration of the Estate by providing a free advice line. Should your Executor wish us to do so, Philip Anthony Associates can administer your estate on their behalf at a fixed cost

Fixed Monthly or annual payments by standing order for duration documents are stored. The fees include unlimited simple updates to your Wills as and when you require them.

Please ask your consultant for our current fees
